

SPACEKAP

THE SOLUTION TO YOUR NEEDS

About Spacekap

We have been manufacturing truck caps for recreational and commercial use since 1972. Regardless of the product that you buy from us, we are committed to providing you with a personalized service and quality for both the purchased product and the after-sales service. It is our priority!

Be creative and innovative

Technological innovation plays a key role in the success of new products, the dedication and work of our Research & Development team and its partners guarantee this.

Superiority in products

No compromise is possible when it comes to quality. Therefore, Fibrobec pays meticulous attention to the detail and precision of its products which represent a long tradition of quality.

Entrepreneurial spirit

Fibrobec encourages the efficiency and creativity of its entire team. Positive and dynamic, we encourage personal initiatives and responsibilities to each in a context where only common sense and practicality dominate.

Desire to be the best

This value is to continuously improve, to never be satisfied, to continually improve our abilities and innovate with new ideas. To encourage constant progress in all of its employees, Fibrobec encourages this state of mind.

The Spacekap Concept

The Spacekap concept was not born yesterday. It was developed by the founder of Fibrobec and its engineers more than 35 years ago. From the beginning, it was innovative and even today, is the pride of our team.

The primary goal of this concept was: To make a universal and transferable tool box (no matter what the make of the pick-up truck), lightweight, resistant to humidity and mold and especially resistant to the rigors of the road and its users.

To do so, only the best available materials were and are used. The goal being to use the very best in terms of components, and to this day our Spacekap remains the reference in the industry. Be assured that it will serve you during many years in your projects and endeavors.

Compak

Description

The COMPAK is the innovation awaited by the industry which combines aggressive lines and a low roof line for added access to low area places. With its incorporated side utility doors and its LED lights, the COMPAK will meet and exceed the requirements in a variety of trades within today's market.

Standard characteristics

- Monocoque
- 40/60 rear doors
- Full length side access doors
- 40" LED lightbar incorporated in both side doors
- LED 3rd brake light
- Magnetic switches on all 3 door openings
- 12Volt plug
- Double partition composite walls and roof, no condensation (sandwich construction)
- Stainless steel door hinges
- Compression type handles with double locking capability
- Interior rubber floor mat (1/4" thick)
- Adjustable door retainers
- Extruded HD door sill
- Checker plates in the rear doors
- Access for rear lights of pick-up (8' models only)
- No tool required patented tie down system
- Rapid installation
- Anti-movement installation kit
- Superior white UV resistant gelcoat

	Compak 6	Compak 8
Interior Length	82"	98"
Interior Height	44"	44"
Floor Width	48.25"	48.25"
Rear Opening	52"	52"
Volume	144 cu.ft.	173 cu.ft.
Weight	375 lbs	410 lbs

Options

- Rolling cargo bed
- Spacetube
- Roof mounted ladder/stepladder rack
- Aluminum shelving
- Heavy duty lock
- Automotive quality paint
- MANY OTHERS.....

COMPAK

Diablo

Description

The DIABLO is a unit which possesses the most interior volume in the industry and great aerodynamics at the same time. With natural lighting coming from a skylight configuration in the front section and its 40/60 rear doors, the DIABLO is what others will use as a reference in the industry.

Standard characteristics

- Monocoque
- Skylight configuration in the deck
- 40/60 slamshut rear doors
- 40" LED lightbar
- LED 3rd brake light
- Magnetic switches at the door opening
- 12Volt plug
- Double partition composite walls and roof, no condensation (sandwich construction)
- Stainless steel door hinges
- Integrated rain gutters
- Interior rubber floor mat (1/4" thick)
- Adjustable door retainers
- Extruded HD door sill
- Extruded aluminum top door sill
- Checker plates in the rear doors
- Access for rear lights of pick-up (8' models only)
- No tool required patented tie down system
- Rapid installation
- Anti-movement installation kit
- Superior white UV resistant gelcoat

	Diablo 6	Diablo 8
Interior Length	82"	98"
Interior Height	75"	75"
Floor Width	48.25"	48.25"
Rear Opening	52"	52"
Volume	320 cu.ft.	372 cu.ft.
Weight	600 lbs	650 lbs

Options

- Drop down roof rack for ladder/stapladder
- Side mounted ladder or stepladder rack
- Aluminum shelving
- Workbench
- Locker
- Many ventilation options available
- Heavy duty lock
- Automotive quality paint
- MANY OTHERS.....

Classic

Description

The SpaceKap Classic is the ultimate toolbox whether you're a small contractor or a large fleet operator. The combination of a full-size pickup with a SpaceKap Classic will favourably replace a van as a service truck.

Standard characteristics

- No tool required patented tie down system
- Rapid installation
- Keyed double rear slamshut door system
- Double partition composite walls and roof, no condensation (sandwich construction)
- Double partition composite floor (honeycomb structural material)
- Integrated four corner jack mounting brackets
- 2 Interior lights with automatic mechanism at door opening
- LED 3rd brake light
- Interior rubber floor mat (1/4" thick)
- Stainless steel door hinges
- Anti-slip aluminum doorstep with reflectorized tape
- Checker plates in the rear doors
- Adjustable door retainers
- Interior black rail for anchorage
- Access for rear lights of pick-up (8' models only)
- Superior white UV resistant gelcoat
- Anti-movement installation kit

	Classic 6	Classic 8
Interior Length	82"	98"
Interior Height	56"	56"
Floor Width	48.25"	48.25"
Rear Opening	48.5"	48.5"
Volume	180 cu.ft.	205 cu.ft.
Weight	450 lbs	520 lbs

Options

- Rolling cargo bed
- Spacetube
- Roof mounted ladder/stepladder rack
- Aluminum shelving
- Vice on extension tube
- Fiberglass side utility door
- Heavy duty lock
- Automotive quality paint
- MANY OTHERS.....

CLASSIC

Plus

Description

Available Packages

We offer below a few packages that we have prepared in cooperation with our supplier and some major clients in the industry. They include the most requested options within their respective trades. Of course, they represent only a very small possibility of the potential of the Spacekap because we can customize according to your needs the interiors. However, it is important to note that in choosing one of these packages as they are proposed to you, you will benefit from a substantial economy.

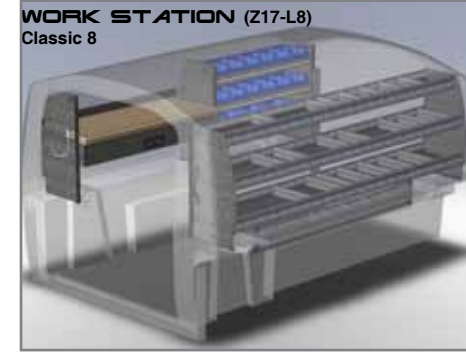

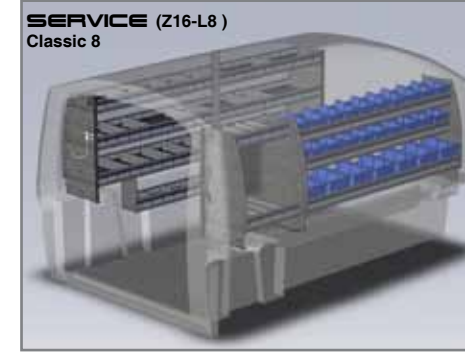

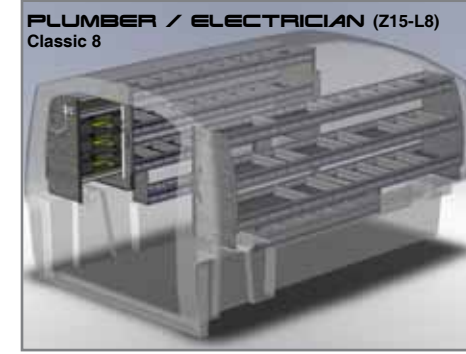

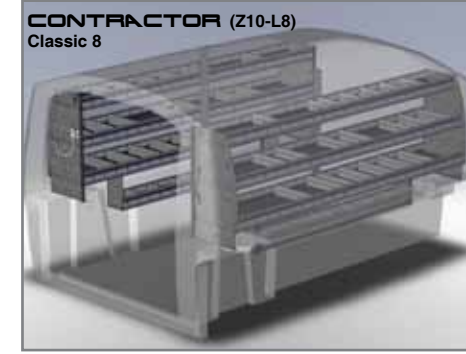

Compak packages (available for both 6' and 8' beds)

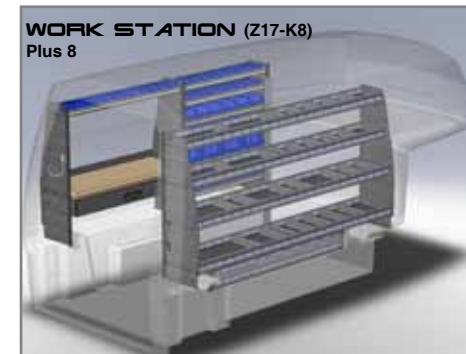

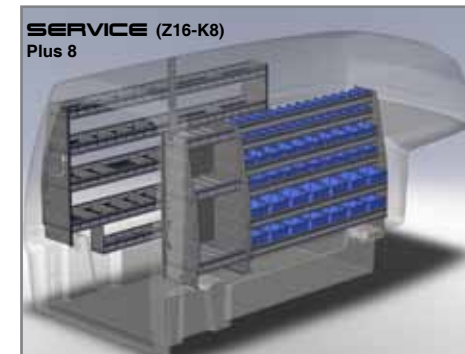

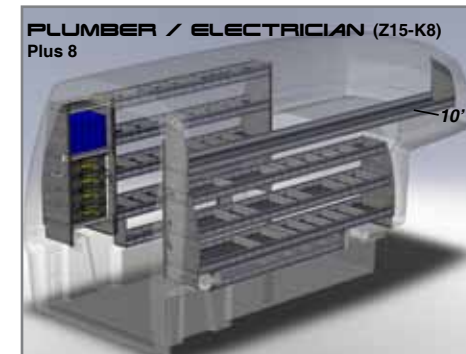

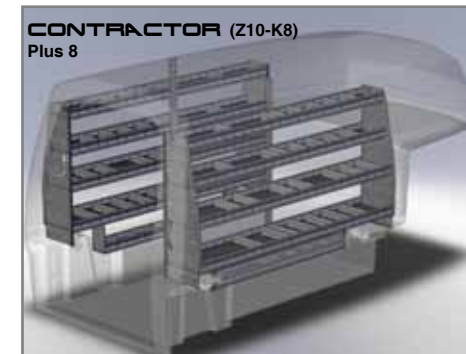

Diablo packages (available for both 6' and 8' beds)

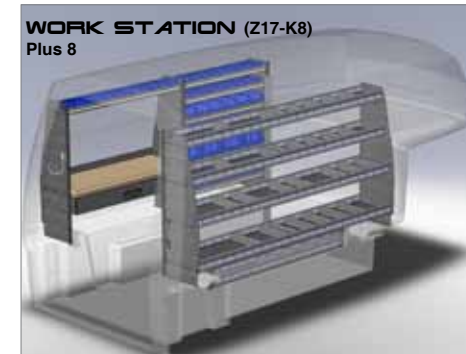

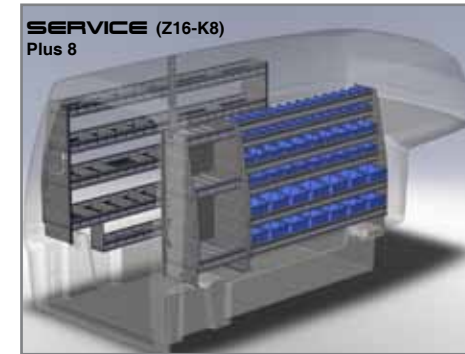

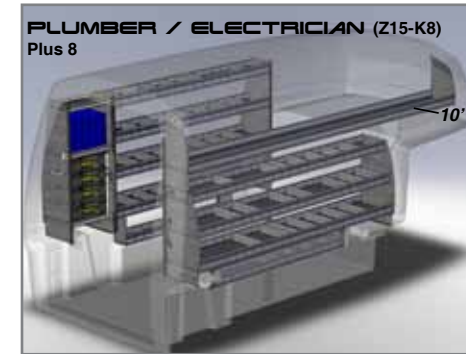

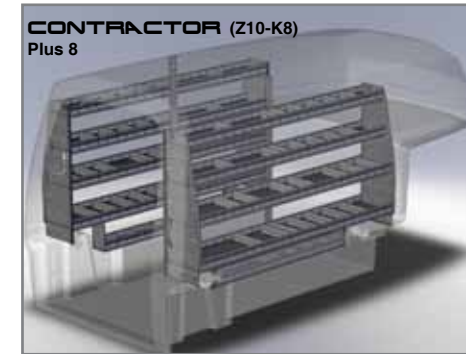

Classic packages (available for both 6' and 8' beds)

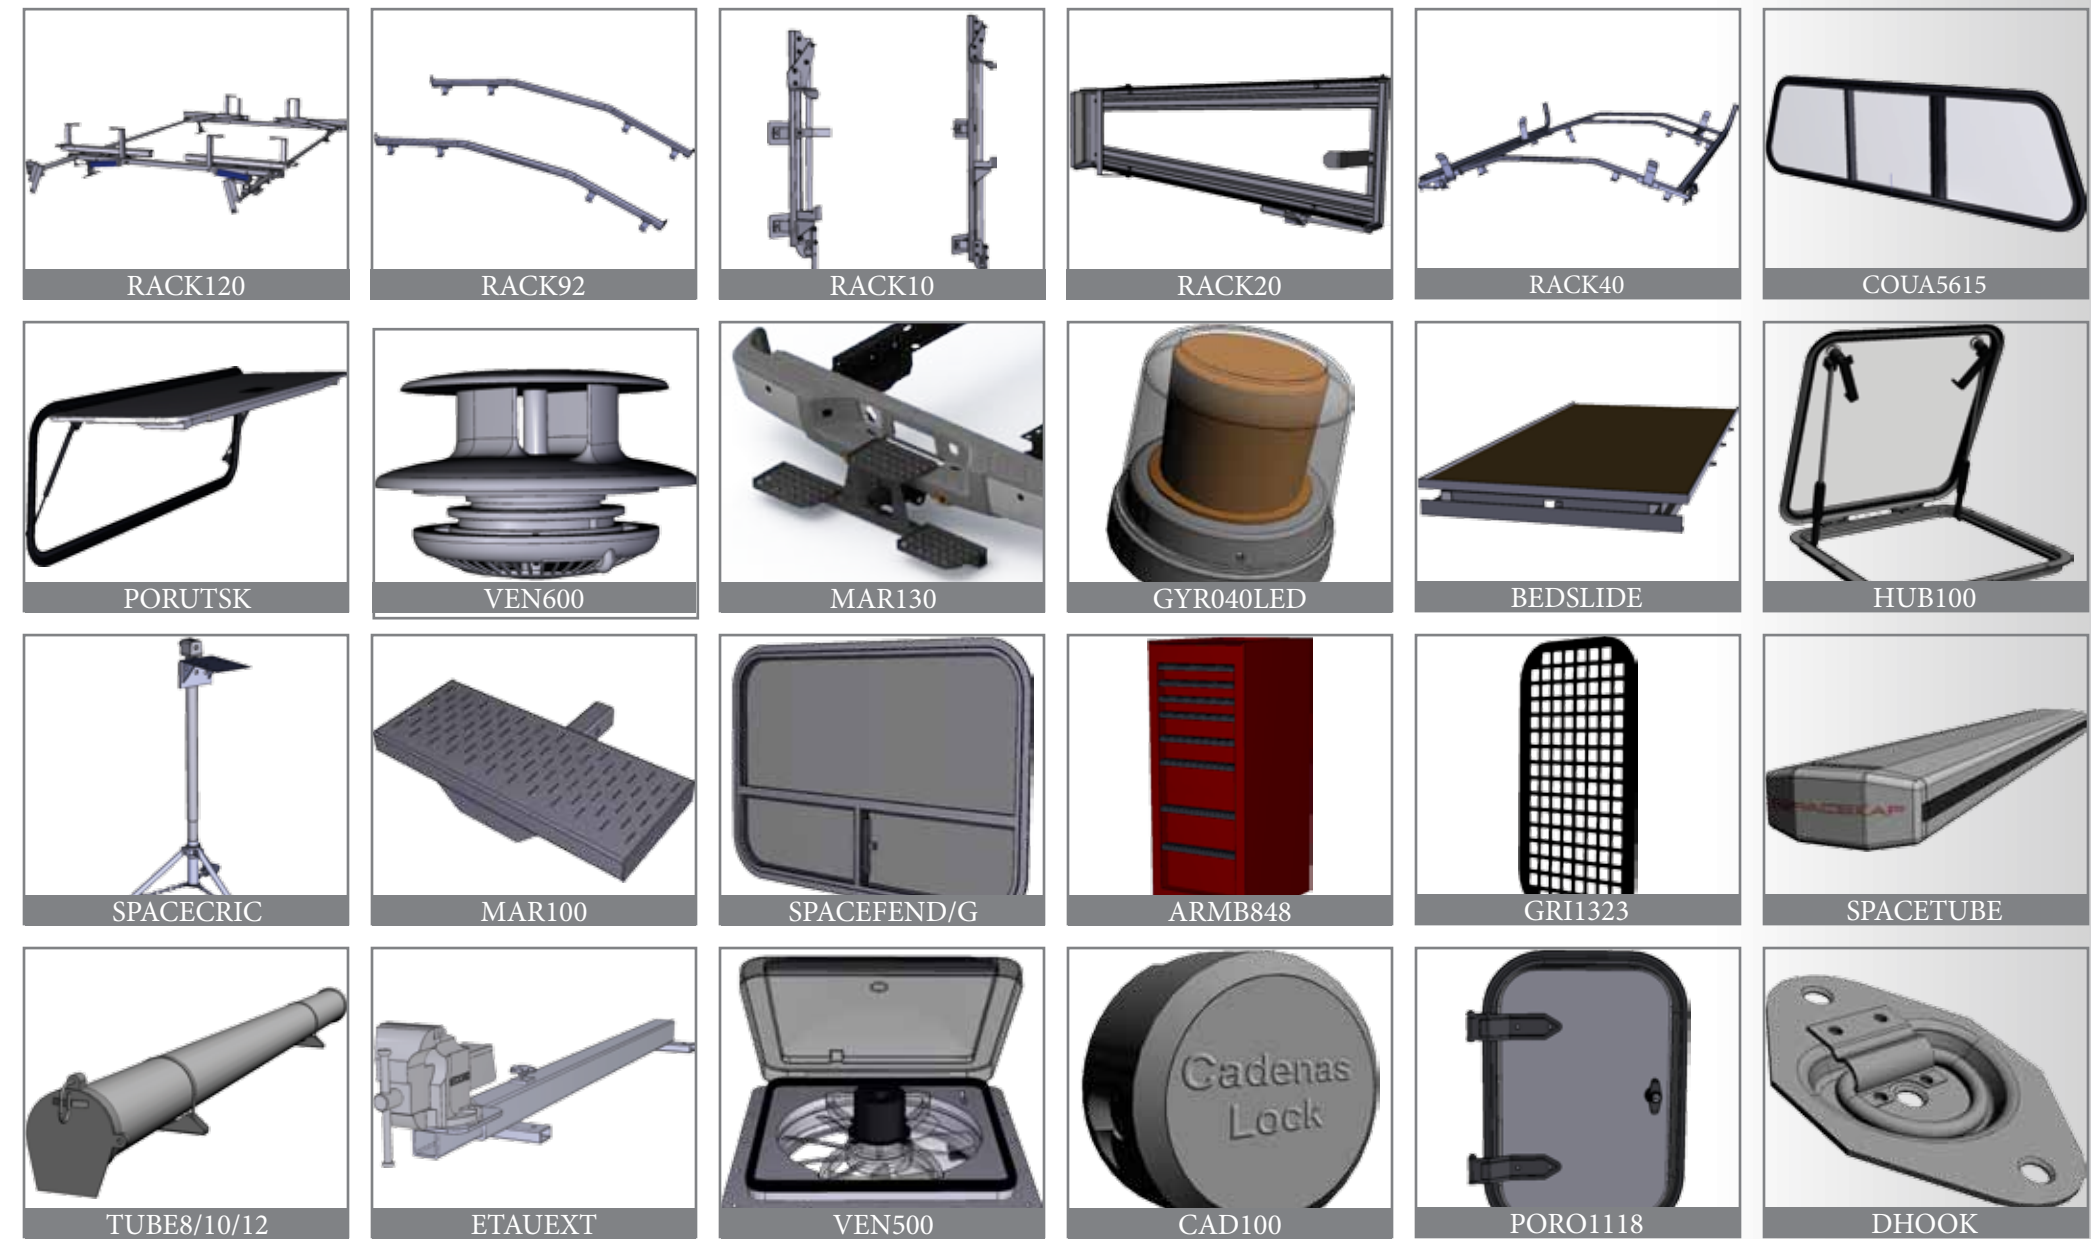

Plus packages (available for both 6' and 8' beds)

Max packages (same as the Spacekap Plus 8)

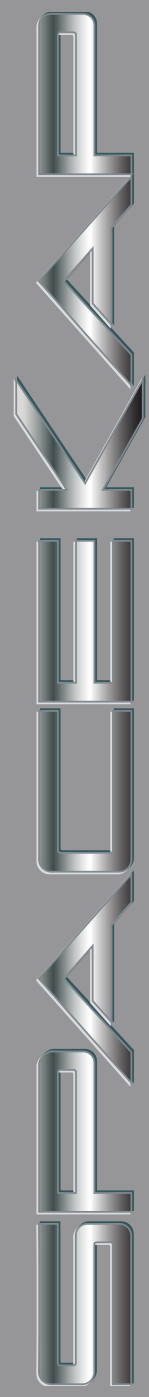

Examples of available options
