

LIMITED WARRANTY

Thank you for purchasing your RealTruck | A.R.E. LS3 truck bed cover! We value your business and believe you will enjoy your new product. Please review this Limited Warranty.

TERMS OF THIS WARRANTY: Please note the following:

- RealTruck | A.R.E. warrants the ABS polymer structure of your truck bed cover to be structurally free from defects in material and workmanship for life.
- The lock cylinder, keyless entry, and lock housing are warranted for three (3) years from your retail date of purchase against failure due to defects in material and workmanship.
- Gas props used to assist in opening the cover are covered for five (5) years from your retail date of purchase against failure due to loss of pressure.
- This Limited Warranty: (i) applies only to the original purchaser; (ii) applies only when purchased from an authorized ARE dealer; and (iii) is nontransferable.
- Your original sales receipt will serve as proof of purchase for this Limited Warranty.
- This Limited Warranty only applies to the original truck or original installation.
- Before credit can be issued on a warranty claim, proof of defect may be required in the form of pictures. This will be determined at the time of claim.

EXCLUSIONS OF THIS WARRANTY: This Limited Warranty does not cover any damage or issue due to or caused by: (i) transportation; (ii) storage; (iii) improper use and / or installation, including, but not limited to, operating your truck with your RealTruck | A.R.E. cover in the open position; (iv) failure to follow the product instructions or to perform any preventive maintenance; (v) alterations or modifications, including, but not limited to, any alterations or modifications to installation hardware and / or addition of equipment; (vi) unauthorized repair; (vii) normal wear and tear; or (viii) external causes such as accidents, abuse, neglect, use of improper cleaning materials, lack of maintenance, or other actions or events beyond our reasonable control. Any damage or issues caused by any of the foregoing remain the owner's sole responsibility.

CAUTION: Please note and ensure your compliance with the following, as failure to comply will void this Limited Warranty:

- Do not attempt to drive with your cover in the open position.
- Do not tie down your cover while in the open position. Tying the cover down when open will cause severe stress to the front hinges and could cause one or both hinges to crack and possibly tear out. This type of damage is not considered a manufacturer defect.
- When in the closed position, your truck bed cover must be locked and the tailgate must be closed. Failure to do so could result in sudden opening of the tonneau cover from unexpected heavy winds, which could cause damage to the truck and / or your tonneau cover.
- Do NOT tow your vehicle from the rear with the cover on your vehicle. If towing from the rear is required, the cover must be removed from the vehicle and properly stored.
- When hauling material that is taller than the truck bed height, you should remove the cover, store it, then properly haul oversized material.
- Inspect your truck periodically for rubbing. If you notice any rubbing, immediately remove the cover and contact your dealer. A bracket adjustment may be necessary to protect from further damage.
- Paint damage is not covered under this Limited Warranty and is the sole responsibility of the truck owner. Paint protective films may be used to help prevent possible paint damage. Ask your dealer for other recommendations. It is the responsibility of the truck owner to report any damage that is occurring to the owner's dealer. This will greatly limit any damage and make needed repairs much less extensive.
- Never wipe the shaft of the gas props with anything other than a dry soft cloth. Regular operation of the gas props will actually increase the life by lubricating the seals and shafts.

MAINTENANCE & CARE: The ABS polymer body of your RealTruck | A.R.E. product requires only periodic cleaning with mild car wash soap. ONLY USE CLEANERS, WAXES, OR PRODUCTS THAT ARE LABELED, "Safe for use on plastics" (or similarly labeled as appropriate for use on plastics). Do not let chemicals or substances come into contact with your truck bed cover unless labeled "Safe for plastics" (or similarly labeled as appropriate for use on plastics). Avoid use of abrasive type cleaners as they may cause major damage and / or discoloration.

SAFETY INSTRUCTIONS

- DO NOT place objects on or against cover or framework.
- DO NOT tie cargo to truck bed cover or framework.
- DO NOT operate vehicle with objects on top of the cover.
- NEVER allow children or pets to occupy the truck bed with the cover in the fully closed position.
- The cover is not airtight. Special care is required to keep cargo clean and dry.
- Truck bed covers will not prevent theft of contents inside the truck bed.

TROUBLESHOOTING TIPS

Cover not resting square on the bed: As not all beds are square, adjustment to one of the front brackets may be necessary. If you notice a rear corner with an inconsistent gap, move that front bracket towards the tailgate in 1/8" increments until equal gapping is achieved throughout the truck bed cover.

Rear latches not engaging: If the rear latches are not engaging when the cover is being shut, the rear latch strikes need to be moved up or down or the rear rotary latch may need to be adjusted. These both can be done by loosening the nuts and adjusting the rotary latches or latch strikes accordingly.
